

Markneukirchen, 15/06/2012

Dear brethren, dear friends,

we hope you are all doing fine and you are fulfilled in the Lord!

We want to share a joyful message from our brethren at ICCF Missions in Nigeria with you. Now the time has come to continue to set up the buildings at the "New Land" (now "International Centre")! That means, this is now a great step forward concerning the vision God gave to us! (see also www.iccfmissions.org - "New Church Land")

At the same time we want to ask for your assistance, which is urgently needed, so that all of us can see the tremendous miracle, which our heavenly father wants to do for us!

As you know, ICCF Missions has been accommodating more than 400 children since. Many of these children (about 150) are already living at the International Centre outside the city and no longer in the rented houses in Benin City. It was necessary to bring those children there because the owners of the houses have been complaining again and again that too many children are living in the houses. Furthermore, rents have been increased constantly.

In order to daily take these children from the International Centre to our own Christian school in Benin City and back, busses have to be paid. These transport costs are very high.

If you look at these expenses, you will note that very much money has to be spent on rent and transport.

For this reason Pastor Solomon and his workers went into prayers to find the right solution on how to counteract these oversized expenses.

They came to the conclusion that the only right and best thing to do is to build their own houses and their own school at the International Centre as soon as possible. Then all children can be together, they have enough space and they are able to go to school locally.

For reasons of time and money a temporary solution should be created first by building provisional, which means „quick built houses“. As a result of this, the enormous costs for rent and transport will fall away and this money can now be saved for building the actual houses.

As homes for the children two halls for the boys and three halls for the girls should be made, twelve toilets each, a separate house with a big kitchen, two dining halls and a separate house to iron clothes.

For the school three long halls are planned, separated into many class rooms and some school offices, and 6 toilets each for boys and girls.

In order to build these houses, at least 32.000 USD are needed.

From this amount iron wood for the pillars, wooden slats for the halls, cement and stones for the floor, and nails and zinc for the roofs can be bought and workers can be employed to help the brethren to build.

Dear brethren, dear friends,

we need a quick miracle! We believe that it will not be difficult to get these 32.000 USD if many join in and partake!

Therefore: Please help, so that it will come to pass as soon as possible and so that all needs will be met!

We believe that the fulfillment of the actual vision for the International Centre will start with this step and that God will do further things in this process!

Let us, each and everyone of us, search for possibilities to help. Let us start now! Please also tell others!

It is very important for us to know that you are supporting and praying for this big project, so that we are able to experience anew how our heavenly father is doing great things. All the glory belongs to him!

Donations can be transferred to this account:

Account holder: ICCFMissions
International Bank Account Number (IBAN): DE22 8705 8000 4000 0437 10
Bank Identify Code (BIC or SWIFT code): WELADED1PLX
Bank name: Sparkasse Vogtland
and address: Komturhof 2, 08527 Plauen, Germany
reference: new buildings

If you need a **donation receipt**, please transfer to this account:

Account holder: Ev.-Luth. Kirchgemeinde Unterwürschnitz
